Mr. Ames, Mr. Hinman and Mr. Gardenour are only three of the hardworking members that erected the press box. They are pictured here with the completed press box.

These are the members of the Code of Ethics group. Industrious in their research, they have given us principles to live by.

Appreciate

Our Board Members who are the stem and core of our school are presided over by Mr. MacPherson.

(STANDING) Mr. MacPherson, Dr. Storey, and Mr. Tatrow.

(SEATED) Mr. Edwards, Mrs. Seydel, and Mr. Koehl.

In Appreciation

In appreciation for what they have accomplished we extend a special acknowledgment to the citizens of our community, for without their loyalty and devotion this new school of ours would never have been possible.

At the present, and in the years to come, we are faced with the new experience of becoming adults; building up from the sheltered foundation of our homes and school to the demands and responsibilities of adult society. In our case we are privileged to have a new high school-building and growing with us.

As all growth begins with a seed of life, a new idea was born among the citizens of our community; then came the planning, the realization of an idea to an actuality. The citizens again co-operated with the school board, architects, construction men and eventually, there it was, a completed building.

This process was just a beginning. We had a root, an empty shell but no true philosophies to grow by. A special committee of interested parents, students and faculty members came together to set up a code to live and grow by. This Code of Ethics established the main stem of our foundation.

Now, gradually but continuously we are adding branches to our foundation. A club of dedicated parents sprang up and gave our student body a new zest for sportsmanship. They worked hard to bring our football stadium into being.

Our plant is now close to maturity but it will never stop growing. As we build up from the foundation and as each succeeding generation builds up we must keep our plant alive with loyalty, school spirit, hard work and new ideas.

... Suddenly, the Stadium — to be Dedicated and Held Dear ...

On October 26, 1962 we dedicated our football stadium, which, in the words of Charles Forsythe, is, "One of the finest in the state."

Mr. Gerald Sielski, principal; Mr. MacPherson, superintendent and Carl Borgeson expressed the views of the faculty and administration. John VanderMeiden, architect and Ray Alstrom, contractor, presented the finished stadium to Mr. Sielski. Remarks were made by James Henderson, Chronicle Sports Editor; Mr. Norman Inman of the Booster Club; Mrs. Hinman of the Band Parents; School Board President, Andy Tatrow; and Ernie Doriot representing the student body. Rev. Fred Lightenberg gave the invocation, and Genevieve Dennison accepted the flag to fly over the stadium from Mr. Andrew Bradley of the Spanish War Veterans.

It was a victorious night for the Cardinals as they downed Custer 40 to 6.

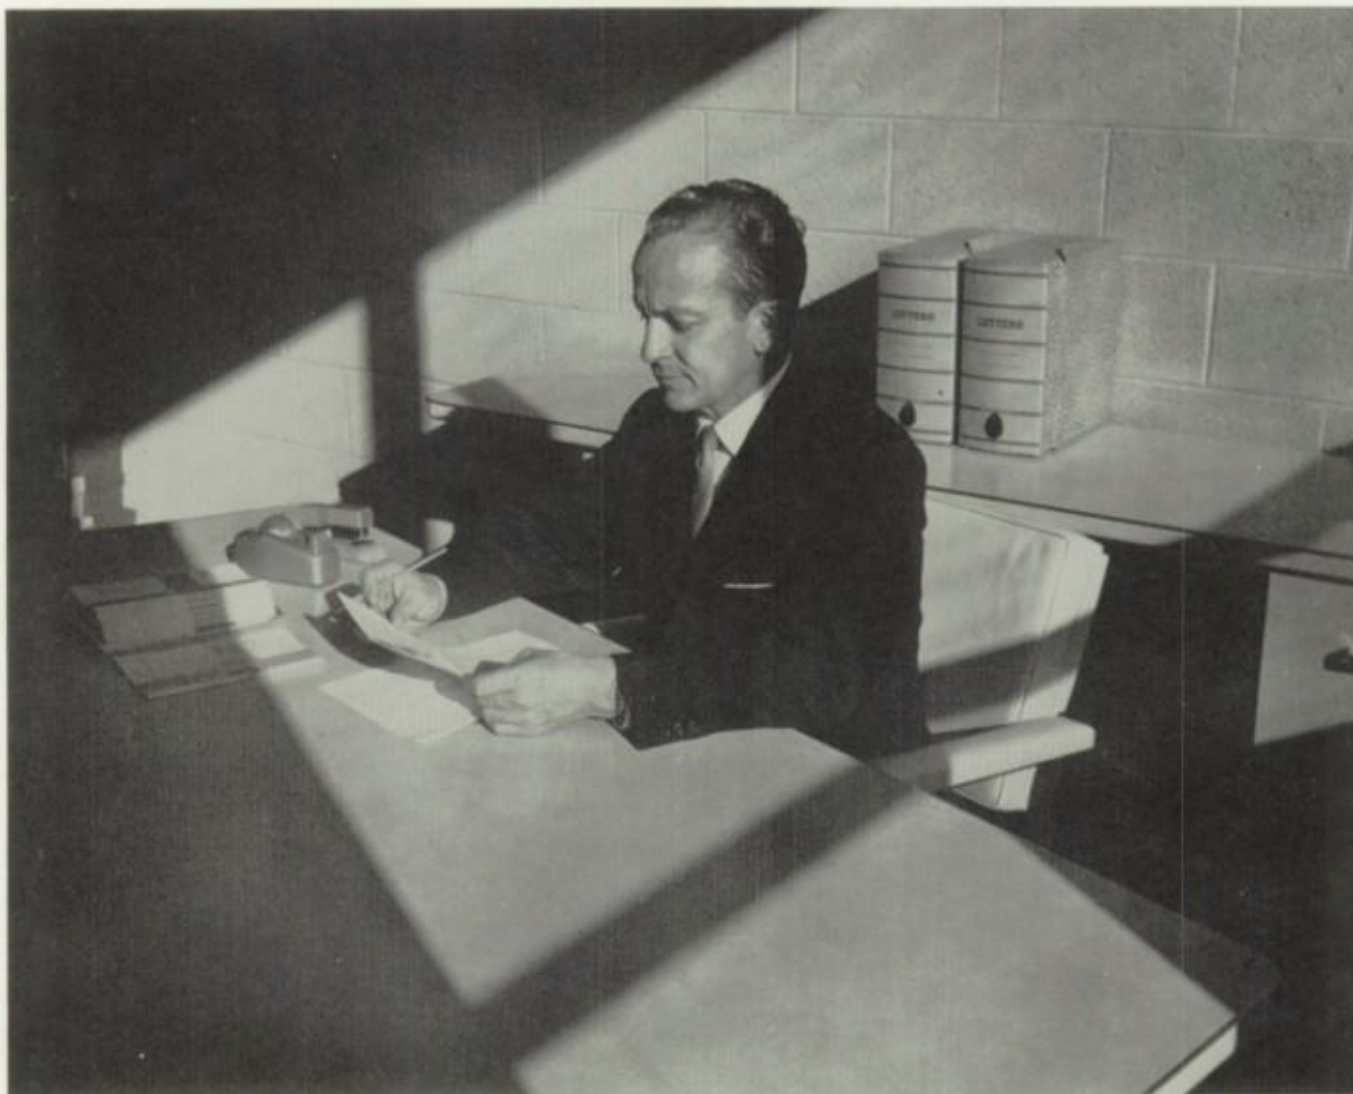

We, the student body, were proud of our school that night as we were every night. We realize all the effort and hard work that went into the stadium as well as the rest of the school. To all those who worked so hard, the dedication was really a victory.

The presiding speaker at the dedication ceremonies was Mr. M. E. MacPherson, superintendent. He spoke shortly and introduced the guests.

Genevieve Dennison, Student Council President accepting the flag to fly over the stadium from Mr. Andrew Bradley, Past Department Commander of Spanish War Veterans.

Mr. MacPherson, our Superintendent, has been with Orchard View for twelve years. Although O.V.H.S. students do not see him very often his presence has made our school develop into the fine high school it is today.

... Combination Rare

Mr. Sielski, our Principal, has upheld the name of Orchard View High School by his fairness in his dealings with all around him.

Mr. Reid is shown here conferring with Sue McIlrath. He is the guidance instructor for all the students.

Results Amazing . . .

It is a well known fact that every operation has a leader. Our school has, for example, Mr. MacPherson and Mr. Sielski at the head of it. They alone cannot run the school, however. They need the help and co-operation that they deserve. Mr. Reid does the counseling to guide the students in the right ways. The secretaries keep the records in a suitable order and answer the millions of questions that students can come up with. When put together they make up a team and the results are amazing.

Mrs. Wilke (left) is always busy keeping the accounting straight. Mrs. Pomeroy, the office secretary, is always willing to help with a cheerful smile on her face.

In Memoriam

In December of this year, a beloved friend of the students and faculty of this school passed away. Mr. Howard Clark, a man of many talents, was this friend.

Soon after Mr. Clark began his teaching here, the student body realized that he was not only an excellent instructor but also an understanding advisor and a fine friend. Mr. Clark treated his students as equals, never speaking down to them. He gave them the inspiration to work hard and to overcome obstacles. As a coach he emphasized developing skills through clean competition. To our school he gave his love and loyalty. For this, he was universally respected.

In Memoriam the Faculty Club has established the Howard Clark Citizenship Trophy to be awarded each year to the outstanding Senior.

Dedication Queen

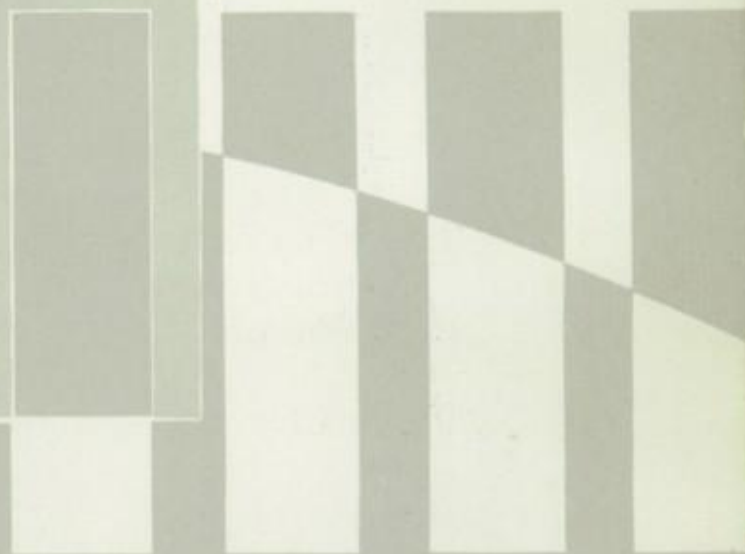

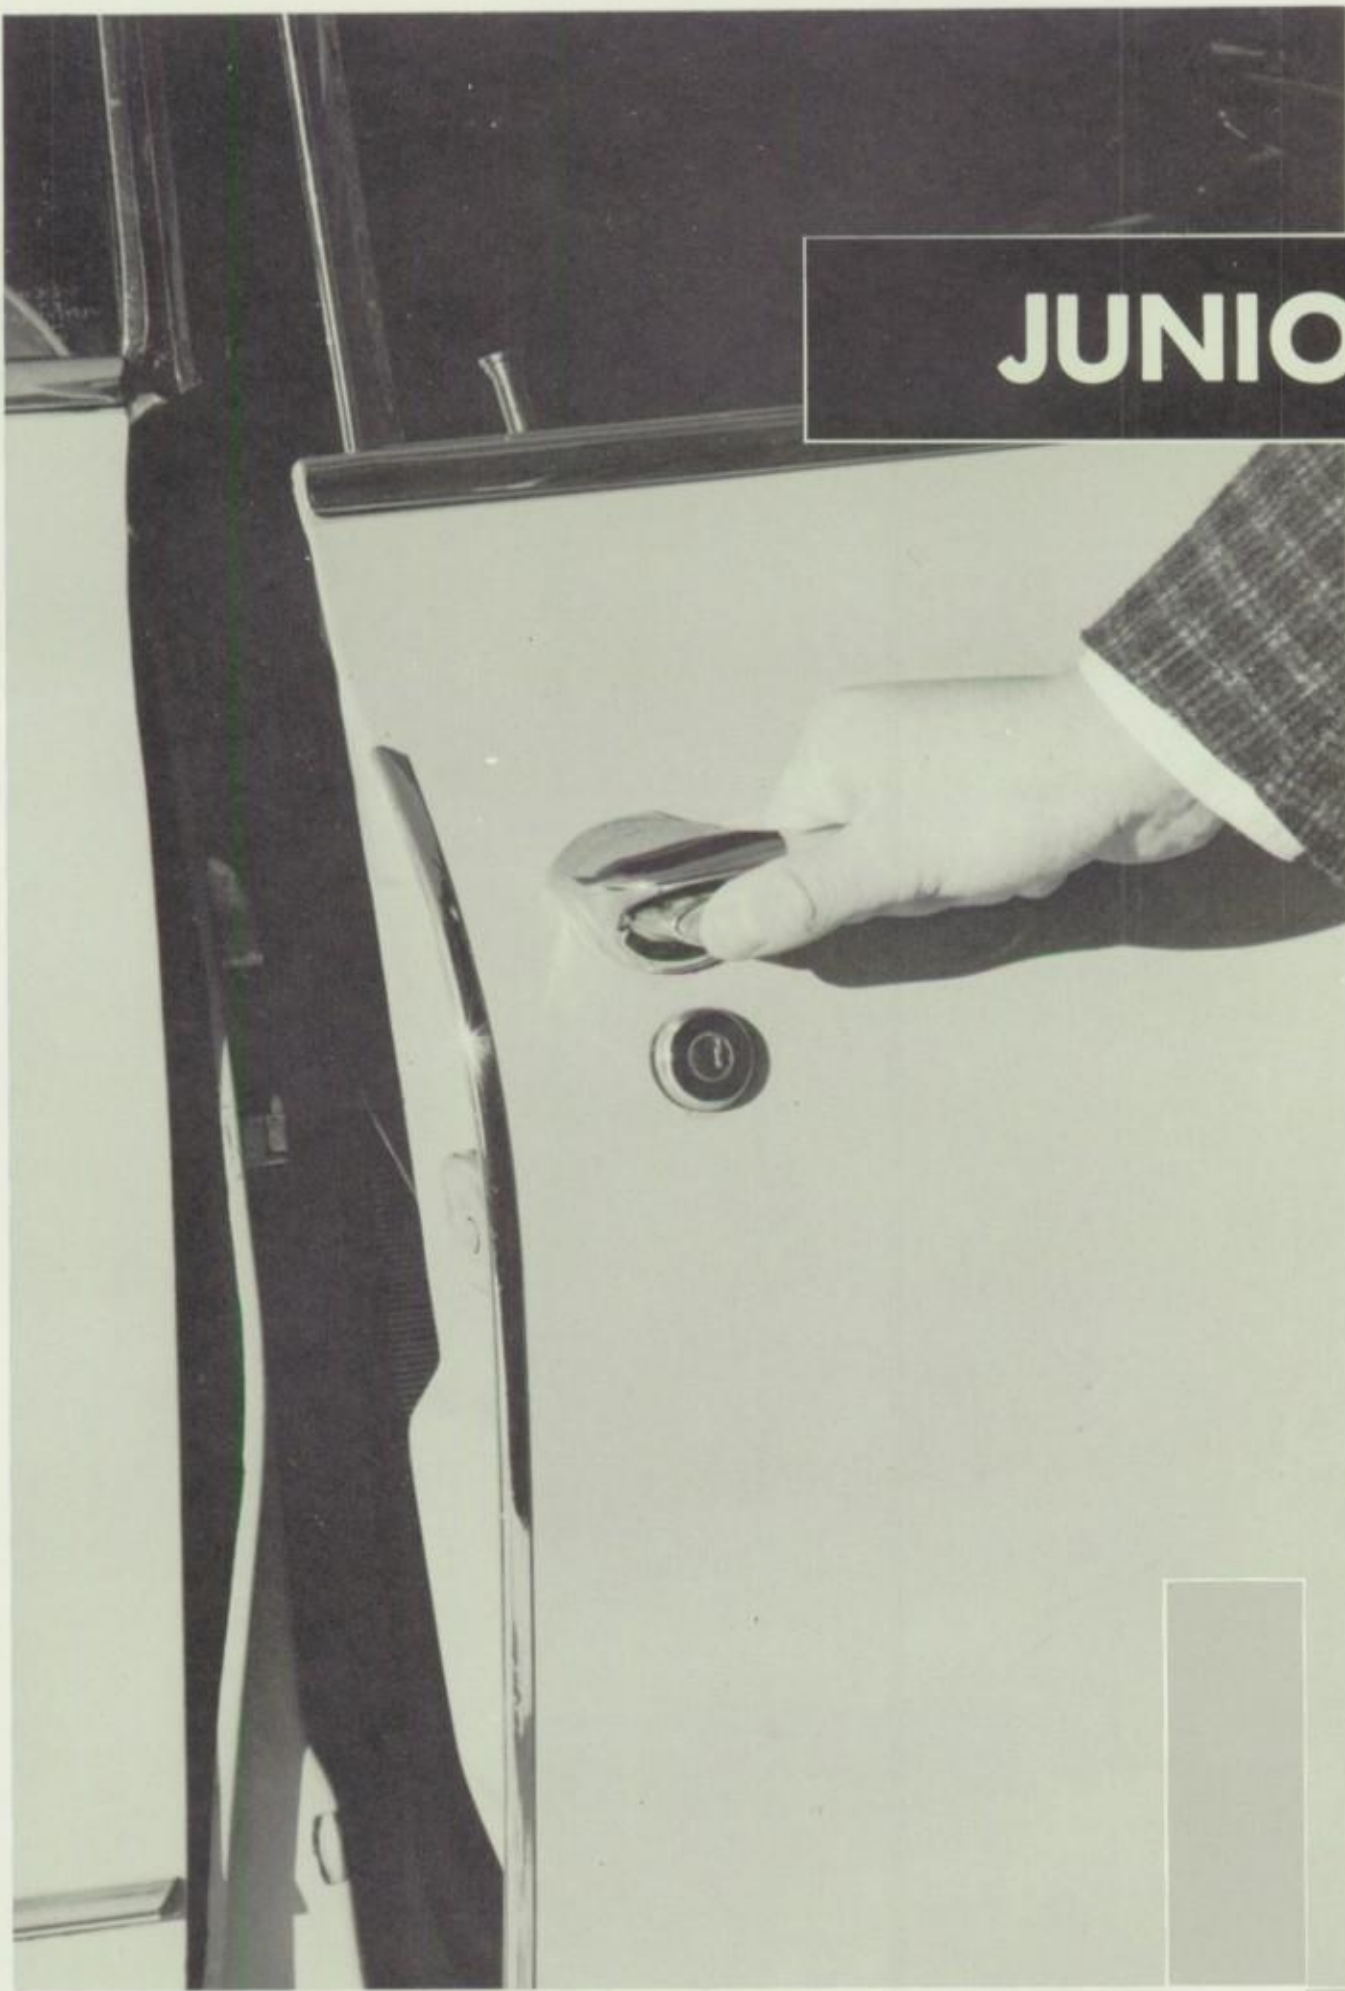

SUE HINMAN

Looking forward to the day when OVHS will have a homecoming queen, this year the student body selected a queen to reign over our football stadium dedication game, and the following dance. When the results of a school-wide election were totaled, lovely Sue Hinmen was crowned dedication game queen. Dark haired Sue has proved over the years that beauty is not her only asset. Maintaining a high academic average and displaying talent in the first clarinet section of the band, Sue's warm personality and friendliness have made her well liked and admired by all who know her.

Later in the year when the Miss Flame contest was held at the Walker Arena, Sue walked off with a first runner-up in the contest between other representatives from the leading area high schools. Bringing recognition to our school in its formative years, the name of hazel-eyed Sue Hinman will not be easily forgotten.

JUNIORS

... Impatiently Waiting to Become Seniors ...

The Juniors are a happy group and with good reason. They can now drive the family car, or even better, have one of their own. They have had many happy times. Take the time that they received the first OV classrings for example. That day was theirs and they had a chance to feel like a special and privileged group.

The main reason for their happy spirit is the anxiety of becoming Seniors and being the first Orchard View graduating class. They are beginning to feel like adults and ready to be accepted by adult society. First, however, they will plan for the future. College?...potential jobs?...who knows? We can be sure that when the time comes they'll make their decision wisely and when they leave as graduates they'll be prepared to face the future.

Student Council forms Constitution . . .

The Student Council, though comparatively new to the school, has had many accomplishments. Among these was the selection of class rings, on which they spent much time in deciding. The Student Council also sponsored many dances including a benefit dance for Ed Wittkop. The most important thing that it has done, however, was to form the school constitution as a lasting foundation. This and many other things have been made possible by this group and the future holds much in store for them.

Debate Tournament

Standing at the podium is Robin Bridges as she gave her speech in the Debate Tournament at South Christian High School on February tenth. Although she and her partner Jim Krause, seated, lost the debate it was a very close tournament.

Forensics

The forensic contests were held this year at Reeths Puffer. Next year Orchard View will hold the District Forensic Contest.

The debate team had a very successful season. Though they did not win many debates they gained valuable experience to be used next year when we are a full high school. The affirmative teams were Robin Bridges and Jim Krause, and Carol Bjorklund and Alice Redding. The negative teams were switched around quite a bit ending with Nancy Chandonnet and Sandy McClung, and Mike Krueger and Jim Krause. Jim proved very successful on both sides of the question.

Library Club Materializes . . .

Some of the students who work in the library have formed a club. The club is a member of S.L.A.A.M. which is the Student Library Aids Association of Michigan.

Members of the Library Club give book reviews to help acquaint other members with the books so they can be of greater help to the students.

The Student-Librarians receive one-half credit a year.

Mrs. Sanderson the librarian is signing out the students books.

Concert Band has worked hard

Mr. Carl O. Bokeson, the head of our music department, has proven himself a man of many talents. A graduate of Bush Conservatory, Michigan State University, and Western Michigan, he has taught in the Orchard View school system for seventeen years.

Mr. Bokeson serves OVHS as Senior band and choral director, and as arranger for both organizations. He organized the band parents, who have been responsible for our new uniforms, instruments and many other major improvements. He also gives private help and lessons to students, aids in school programs and conducts annual band and choral concerts. He has inspired a great interest in music at our high school.

Well-known on the state and local level, Mr. Bokeson is a member of many musical organizations, such as the recently formed West Shore Symphony. He has also been a judicator for the Michigan State Band and Orchestra Association in recent years, and is Minister of Music at the Evangelical Covenant Church. Until last year he was chairman of the County School Instrumental Teacher's Association, now disbanded.

He has achieved recognition in the field of composition.

and obtained rich rewards

Carl O. Borgeson

His "Festival Anthem" won a national competition and was published, along with his musical interpretations of the twenty-third psalms, in 1945. Many of his works have been performed by both Muskegon and Orchard View High Schools, and his "Cardinal Fight Song" has become a tradition among OV Students.

Over the years his services have made him an indispensable member of our high school. Mr. Borgeson has often said that no matter how great his love for music, he enjoys the opportunity of working with us even more. These great talents combined with his warm friendliness have won him the admiration and affection of the entire community.

Cardinal Marching Band and Mr. Warnaar, Director.

Marching Band steps into the scene

After long weeks of practice, the Cardinal Marching band, under the direction of Donald Warnaar successfully began their first year. In addition to brightening half times at home football games, the band also participated in a Muskegon parade. With their drum major and three majorettes, the band made an impressive showing and gained a great deal of experience. We look forward to the performances of the Cardinal Marching Band in the seasons to come.

High stepping majorettes shown here are Coleen Schimke, Cheryl Nelson, and Bonnie McIlrath. Drum Major Larry Buter keeps them on their toes.

It's hard to co-ordinate collar and hanger finds Judy McNeal (front). Cheryl Moen, Colleen Schimke, and Chick McCormick have those chorus robe blues.

Senior Chorus is honored to sing at Walker Arena . . .

A highlight of the 1961-1962 season came when Orchard View's chorus performed at the annual Community Carol Sing Along with Muskegon Christian and North Muskegon High Schools. The Chorus had a December Christmas Concert and concluded a very successful season with their May finale.

"They Cheer us on to Victory"

Cheerfully boosting the moral of our team and student body are (left to right, kneeling) Donna Iverson; Yvonne Pratt; Donna Anderson; and (standing) Margaret Hamilton; Lynda Obenauf; and Mary Pranger, Captain. With hard work and lots of practice, the cheerleaders have made our cheering section one of the most spirited in the area, and our team among the most determined. We owe our cheerleaders, and their coach Mrs. Geraldine Firme, not only our respect and cooperation, but our gratitude. Because of their help and support, our sportsmanship is hard to beat. Let's give our support to the cheerleaders, Victory, Victory, is our cry.

Our Reserve

The Reserve team led by these boosters (L to R) Shirley Carlson; Jane Hitsman; Karen Anderson, Captain; Bonnie Near; Marilyn Main and two tumblers, Barb Cerca and Maribeth Clark, had a very successful season. The cheerleaders are training well for the day they will be varsity. They deserve a lot of gratitude for their efforts to back the team all the way.

Cheerleaders

This group of cheerleaders back the seventh and eighth grade team. While boosting school spirit, they train for becoming a part of the reserve squad very soon. Pictured here are (L to R) Linda Johnson; Shiela Barber; Louanne Valk, Captain; and Tanya Hinton. Judy Peterman and Sharon Dilts are also a part of the squad but not pictured here.

... Our Hard Fighting Cardinals ...

Orchard View used a strong defense coupled with a strong ground offense to defeat the Muskegon Reserves by the score of 13 to 0.

Orchard View continued its fine defensive work as it controlled the ball through most of the Marne game even though both teams played fine defensive football. Orchard View won by a very close score of 6 to 0.

The Cardinals used a strong 'bench' to wear down Sand Lake in a game that Orchard View won 13 to 7.

After winning three straight games, Orchard View's Cardinals had the disaster of running into the powerful team from Holland West Ottawa as O.V. lost 27 to 12.

Butch Doriot sweeps around right end, with Tim Welc providing blocking.

Identifiable in the picture for O. V. are from left to right, J. Ames (43), T. Welc (24), D. Barber (32), E. Doriot (47), A. Jourdan (21).

Against the team from Holland the Cardinals tried hard but still could only come close, as Holland won by the score of 12 to 7.

Everything seemed to go right for the entire Cardinal team as Orchard View dominated the play through the whole game. The Cardinal's carved out an impressive 26 to 0 win over the Catholic Central Reserves.

In the Dedication game the Cardinals made it their job to dedicate the stadium. They rolled over Custer with authority 40 to 6.

In what probably was the most exciting game of the year, Orchard View fought well but lost to the Heights 13 to 12.

The Cardinals finished the season in the right way, as they walloped the Buckaneers 32 to 20.

Cross Country is New Addition

Another first was added to the long list at Orchard View in 1962. Another athletic event was added to our growing program. For the first time our school had a real cross country team.

For those of you who don't know it, cross country is a sport in which each competitor tries to run the two mile course in the shortest possible time. The real object is to have as short a time as possible elapse between the finish of first and the last man on each team.

The lowest scorer is the winning team. Although our team won only one meet this year, we developed a great resource of talent for next year.

Some of the boys went out to keep in shape for basketball and others went out just for the fun of it, but all of them had a good time.

Although cross country is a little known sport, it attracts increasing attention.

Coach Czanko (L to R) J. Beerman; C. Wright; B. Birr; J. Ames; C. Kozal; L. Plumhoff; R. Pratt; L. McElfish; J. Fox; D. Wilson; R. Utzinger; (Mgr.) T. Jensen.

The Cardinals faced tough Opposition

Coach Czanko and Coach VanSchelven are perhaps discussing the strategy for the night's game.

During the basketball season of 1961-1962 the Orchard View Cardinals laid the foundation of their first team of Seniors. The boys showed a definite improvement over their record last year and also showed an improvement as the season progressed.

These boys are giving most of the student body their first taste of real Varsity basketball. Not only that, but many of the students who didn't care for basketball were won over after seeing the fine way in which our boys played.

The record which our team posted was extremely creditable because of the tough competition they faced. Many of the schools had unusually good teams. This made it hard to show a winning record, but we should not judge our team by their won or lost record. The real test is for the team to improve and to play the game to the hilt. For a team to be good in the eyes of the students all it has to do is play exciting and well played games.

We believe that our team has more than fulfilled these requirements.

Yelling, screaming, cheering, always peppering up the team and the crowd, that's our Cheerleaders.

Go . . . Cardinals

Chuck Kozal is in the clear to shoot, and does so with Jim Ames ready to tap it in.

Jerry Fox whips the ball up-up-up for two more points.

Jerry Fox (14) hits on a jump shot with the entire Cardinal team underneath. From left to right, Jim Ames, (34); Ernie Doriot, (44); Chuck Kozal, (52); and Roger Utzinger, (12).

... Go! ...

Ernie (Butch) Doriot shoots a lay-up shot, with Chuck Kozal backing him up.

Reserves Build for the Future

Our Reserve team is perhaps our greatest source of pride. To look at our Reserve team one can tell that OVHS is in for some exciting seasons of Varsity Basketball in the future.

In the next few years our Varsity will have few worries because the team will have experienced and skilled players with Reserve background.

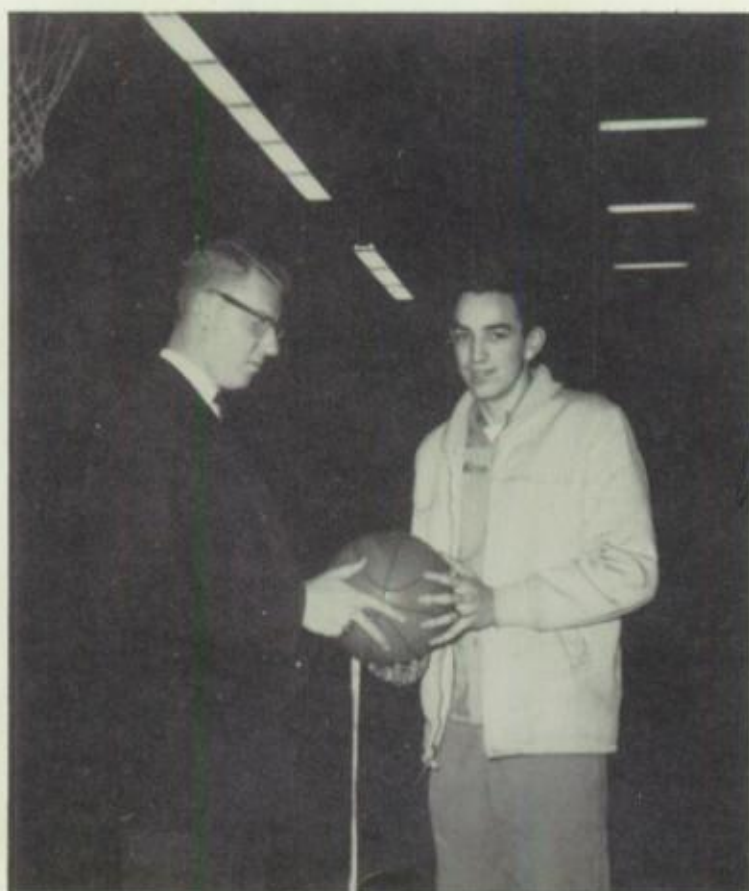

Our Reserve team compiled a very enviable record this year. We all have reason to be proud of our Reserve team. However, this record was not won easily. The boys had to work very hard to get it. We believe that congratulations are due to all the boys.

Junior High Team Learns "Basics"

In the Junior High is where our teams have their roots. An athlete starts his long path of improvement in the Junior High.

Tom Adams
Do not ever underestimate these boys. They are out working just as hard and often as the Varsity or J.V. teams.

G.A.A. Issues Honor Awards

The Orchard View G.A.A., though not a widely publicized group, does a lot to help the school. It is a spirit booster as well as a booster of the physical well-being of the girls.

The Girls athletic Association has a lot of organizations composing it including basketball, tumbling, cageball, swimming and many others. Most of these sports hold tournaments within the school during the year. In these sports and during these tournaments, the girls have a chance to earn awards. The awards are presented on the number of points earned. The points also depend on how far a person goes in the tournament.

This year six awards were given for points that these girls earned last year. These girls are Lynda Obenauf, Sandy McClung, Linda Wright, Marilyn Javinsky, Barb Auten and Sandy Carlisle. Their co-ordination, flexibility, agility, and skill have proved to be the assets necessary to obtain the honorable awards.

The G.A.A. officers are President, Barbara Cerka; Vice-President, Sandy Carlisle; Secretary, Marilyn Main; and Treasurer, Maribeth Clark.

Co-Ordination

Orchard View is lucky to have a beautiful pool. Because of this, they try to make the most of it by using it for many swimming classes. There are swim teams and water ballet groups plus class instruction for coordination.

Flexibility

Last year O. V. H. S. had only a girls tumbling team but this year boys have been added. We now have a steadily growing girls and boys tumbling team coached by Mrs. Firme.

Agility

Although most students do not realize it, the girls have a basketball team along with the boys. In fact, they have several teams. These teams compete each year in a tournament. They have a chance to show their skill.

and Skill . . .

The O. V. H. S. bowling league members must have a lot of skill to keep those pins falling. The bowlers compete for top teams in the year and also compete for individual scores. Pictured here are some of the members.

BOLTS AND NUTS, by Jay Tobias was selected for the first all-school three act play. As the IMPRINT was scheduled to go to press before the play date, we could not cover this important event. It is perhaps enough to say that quality speech and dramatic events loom large in thinking and planning for the future curriculum for O.V.H.S.

BOLTS AND NUTS established the tradition of quality in this line. Let's look to the future for other outstanding programs.

School Life

At the crack of dawn O. V. H. S. students enter school -- to be greeted by the empty halls.

Getting things in order . . .

. . . and getting things out of order in the rush to get to class.

When lunch time comes everyone's fit to eat a horse. After lunch some times a few act like horses! (If you look real hard to the far left you can see one).

The IMPRINT staff of 1961-1962 has learned a lot, and I have heard it said over and over again that "next year we will do this or that differently."

In the process of writing the copy, taking the pictures, disturbing the classes, and imposing on the teachers we feel that we have much to be grateful for, because everyone was so co-operative.

As Editor I could not have been happier with the attitude of the student body and teachers. To those teachers who have taken part in helping our staff along, we give warm thanks. And to those students who have been so patient, as members of the staff constantly reminded them not to look, etc. we applaud.

Many hours have been spent recording your "memory book" and though sometimes we felt as it would never get finished, we finally succeeded.

So here is the first O. V. H. S. yearbook, and I hope you realize as we have that it has been worth it. So dig in.

It's Done!

Behind the papers to the far left is Steve Holland and Mr. Hedberg, the advisor. Ellen Bowman (front and seated) Cheryl Moen, Kay Nelson, and Jean Manning. (Back row, standing) are Wayne Barrett, Sandy Derickson and Eric Johnson.

Eric Johnson
 Chuck,
 Good luck in your future
 Be good to the girl. Don't
 do anything I wouldn't do.
 Be careful
